Description

This 2022 Audi A1 TFSI Sport is a well-maintained hatchback that comes with the peace of mind of being Audi manufacturer approved. Having had only one owner from new, this vehicle has covered a very low mileage of 12,190 miles. It is powered by a 1.0-litre petrol engine and meets Euro 6 emission standards, making it a reliable choice for those seeking a modern and lightly used compact car. The vehicle offers a practical balance of performance and efficiency, achieving a fuel economy of 52 mpg and low CO2 emissions. Drivers can expect a smooth driving experience with acceleration from 0-62mph in 10.5 seconds. Beyond its performance capabilities, the car is designed with a large boot space, providing more room for luggage and shopping than many other vehicles in its class. These combined features make it a sensible and economical option for daily commuting or longer journeys.
