Fuel Consumption	N/A

### Description

This 2022 Audi A1 TFSI Technik is a superb example, boasting exceptionally low mileage for its age with only 19,170 miles covered and having had just one owner from new. As an Audi manufacturer approved vehicle, it offers peace of mind, and its Euro 6 compliant 1.0 litre petrol engine ensures it meets modern environmental standards. This Technik trim level comes equipped with a useful Bluetooth interface, allowing for seamless connectivity on the go. The Audi A1 TFSI Technik stands out with its impressive fuel economy, achieving a highlight of 53 miles per gallon, which is better than many similar vehicles. It also offers a generous boot space, making it practical for everyday use and weekend trips. Furthermore, its low CO2 emissions are a key advantage, contributing to lower running costs and environmental impact. For those seeking a responsive drive, this A1 accelerates from 0 to 62 miles per hour in a respectable 10.5 seconds.
