Interior Trim	N/A
Fuel Consumption	55.4 milesPerGallon

Description

This 2016 Audi A1 TFSI S line offers the peace of mind that comes with being an Audi manufacturer approved vehicle, having covered a very low 42972 miles for its age. This compact hatchback is powered by a 1.4 litre petrol engine and meets Euro 6 emission standards, making it a practical choice for modern driving requirements. As an S line variant, it combines the refined build quality expected from the brand with a specific trim level designed to enhance the overall driving experience. The performance of this vehicle is a notable highlight, as it is capable of accelerating from 0 to 60 mph in 8.6 seconds. This brisk acceleration provides a responsive feel on the road, setting it apart from many other vehicles in its class that may lack this level of agility. By balancing efficient engine technology with capable performance, this Audi A1 delivers a driving experience that feels both composed and energetic for daily use.
