Fuel Consumption	61.4 milesPerGallon

### Description

This 2022 Audi A1 TFSI Technik has been meticulously maintained by just one previous owner and comes with the peace of mind of being an Audi manufacturer approved vehicle. This compact hatchback is powered by a 1.0 litre petrol engine that meets Euro 6 emission standards, ensuring it remains compliant with modern environmental regulations. With a low mileage of 24,701 miles for its age, this vehicle is in excellent condition and includes a 12 month warranty to provide further reassurance for your purchase. The design of this model prioritises practicality and efficiency, making it a standout choice in the competitive small car market. It features a surprisingly large boot space that offers more room for luggage and shopping than many other vehicles in its class. Furthermore, the engine is engineered to produce low CO2 emissions, which helps to reduce your environmental impact while also contributing to lower running costs. These combined attributes make this Audi A1 a sensible and reliable option for those seeking a high quality driving experience.

35 Harbour Road, Inverness, United Kingdom, IV1 1UA
