## Description

This 2022 Audi A1 TFSI Technik offers the peace of mind that comes with being an Audi manufacturer approved vehicle that has had only one owner from new. With a low mileage of 20,983 miles, this compact hatchback is powered by a 1.0 litre petrol engine and meets Euro 6 emission standards. As a Technik trim model, it combines the reliability of the Audi brand with a practical design suitable for everyday driving. The vehicle stands out for its efficiency and practicality, achieving an impressive fuel economy of 53 mpg alongside low CO2 emissions, which helps to keep running costs manageable. Drivers will appreciate the acceleration, capable of reaching 0 to 62 mph in 10.5 seconds, providing a responsive experience on the road. Furthermore, the design prioritises utility, offering a large boot space that provides more room for luggage and shopping than many other cars in its class.
