Description

This 2023 Audi Q2 TFSI Sport comes with the peace of mind that only a single owner and Audi manufacturer approval can provide. This compact SUV is powered by a 1.0 litre petrol engine that meets Euro 6 emission standards, ensuring it remains compliant with modern environmental regulations. Inside, the vehicle is equipped with a Bluetooth interface for wireless connectivity, alongside the Audi Smartphone Interface which supports both Android Auto and Apple CarPlay, allowing for seamless integration of your mobile devices while on the move. The efficiency of this model is a significant advantage, as it achieves an impressive fuel economy of 49 mpg, making it a practical choice for daily commuting and longer journeys alike. Furthermore, the vehicle benefits from low CO2 emissions, which helps to reduce its environmental impact compared to many other vehicles in its class. These attributes combine to offer a balanced driving experience that prioritises both running costs and modern technology, setting this particular example apart as a sensible and well maintained option for your next car.
