Fuel Consumption	58.9 milesPerGallon

Description

This 2020 Audi A1 TFSI S line is a well-maintained hatchback that benefits from being an Audi manufacturer approved vehicle. With a recorded mileage of 27,361 miles, this example has covered a very low distance for its age. The car is powered by a 1.0 litre petrol engine that meets Euro 6 emission standards, ensuring it remains compliant with current environmental regulations. The vehicle offers a practical balance of performance and efficiency, capable of accelerating from 0 to 62 mph in 9.4 seconds while maintaining low CO2 emissions. Drivers will find the car easy to manoeuvre in tight spaces thanks to the inclusion of rear parking sensors with parking assistance. Inside, the cabin is equipped with a Bluetooth interface for seamless connectivity, and the design provides a surprisingly large boot space, making it a versatile choice for those who need extra room for luggage or shopping without compromising on the compact nature of the car.
