Description

This 2021 Audi A1 TFSI Sport is a well-maintained hatchback that benefits from being an Audi manufacturer approved vehicle. With a recorded mileage of 24,214 miles, this example has covered very little distance for its age. It is powered by a 1.0L petrol engine that meets Euro 6 emission standards, ensuring it remains compliant with current environmental regulations. The vehicle offers a practical balance of performance and efficiency, capable of achieving 52 mpg and accelerating from 0-62mph in 10.5 seconds. Drivers will find the interior well-equipped for modern connectivity, as it includes a Bluetooth interface for seamless phone integration. Furthermore, the design prioritises utility, providing a large boot space that makes this model a versatile choice for those needing extra room for luggage or shopping compared to other compact cars in its class.
