### Description

This 2018 Audi A1 TFSI Sport is a well-maintained hatchback that offers a reliable driving experience. With only two previous owners and a recorded mileage of 40,877 miles, it has covered very little distance for its age. The vehicle has passed a comprehensive history check, confirming it is clear, and it is also Audi manufacturer approved, providing additional peace of mind regarding its condition and provenance. The 1.0 litre petrol engine is designed for efficiency, achieving an impressive 55 mpg, which helps to keep running costs manageable. It meets Euro 6 emission standards and features low CO2 emissions, making it a practical choice for those looking to reduce their environmental impact while enjoying the build quality associated with the Audi brand. This combination of fuel economy and clean engine technology ensures the vehicle remains a sensible and economical option within its class.
