Description

At Dundee Audi. This 2020 Audi A1 TFSI S line with Comfort & Sound Pack upgrade is a well-maintained example of this popular hatchback, finished in Glacier White. As an Audi manufacturer approved vehicle, it offers peace of mind regarding its condition and history. The car has been kept in excellent order by its only owner and has covered just 19,458 miles, which is a very low mileage for its age. The 1.5L petrol engine is Euro 6 compliant, ensuring low CO2 emissions, while still providing a responsive drive that can accelerate from 0-62mph in 7.7 seconds. Practicality is a key strength of this model, as it offers a surprisingly large boot space for a car of its size. Comfort and convenience are enhanced by the inclusion of heated front seats and a rear-view camera, which provides useful assistance when parking. These features combine to make this S line variant a capable and well-equipped choice for daily driving. Call Dundee Audi to arrange a test drive or personalised video.
