Description

At Dundee Audi. This 2022 Audi A1 TFSI S line is a well-maintained example of this popular compact hatchback. As an Audi manufacturer approved vehicle, it offers peace of mind regarding its condition and history. It has been kept by only one owner from new and has covered a low mileage of 22,588 miles, making it a reliable choice for those seeking a modern and lightly used car. The vehicle is powered by a 1.0L petrol engine that meets Euro 6 emission standards, balancing efficiency with everyday performance. The S line trim provides a refined driving experience, while the interior design prioritises practicality, most notably through its large boot space. This generous storage capacity sets it apart from many other cars in its class, ensuring that it remains a versatile option for daily commuting or longer trips where extra luggage room is required. Call DUndee Audi today, to arrange a test drive or personalised video presentation.
